# The Importance of IT in Government Sector or E- Government

**What is  
e-government?**

**Benefit of  
e-government**

**Application of  
e-government**

# What is e - government?

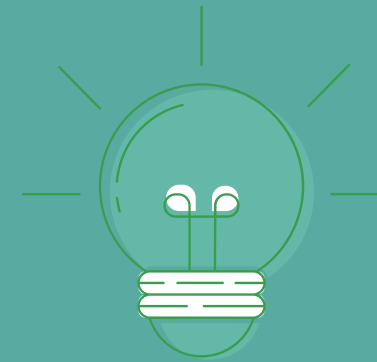

# E-GOVERNMENT

## Definition

the use of information  
technology by the  
government

## The Main Purpose

to improve the quality of  
public services

# Benefits of e-government

## Help channel the aspirations of the citizens

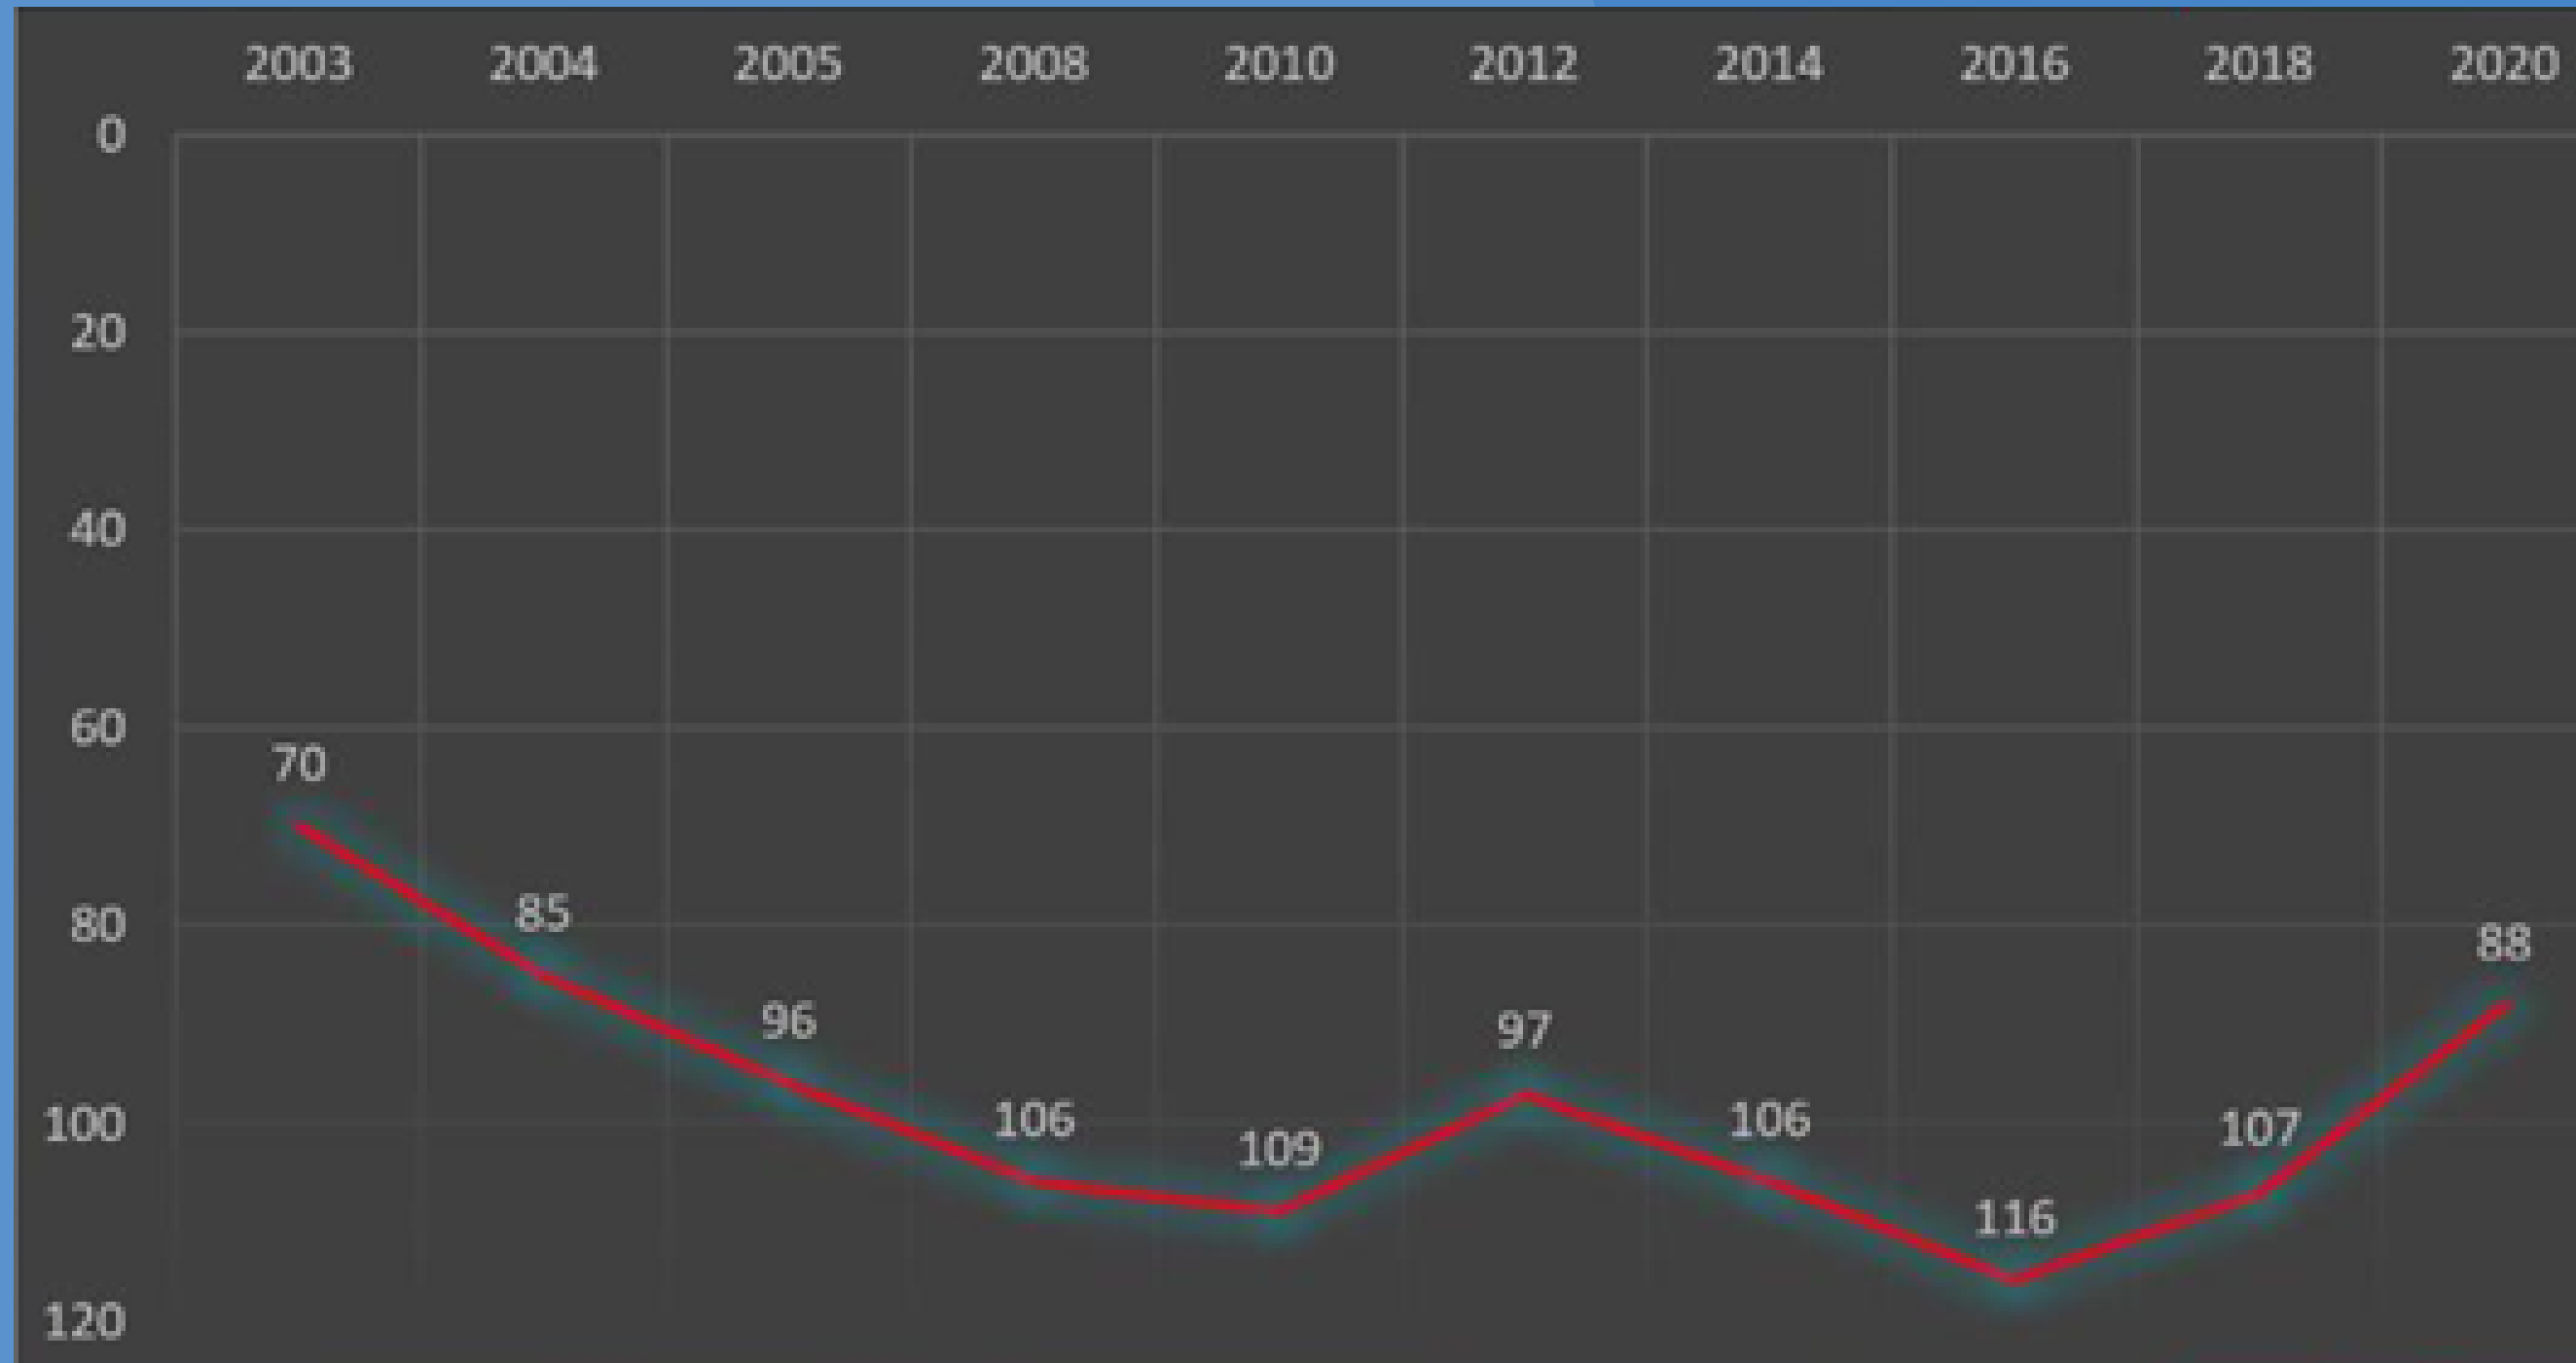

people's aspirations  
can be directly  
conveyed without a  
complicated process

## Provide information to the public

we can get  
information anytime  
and anywhere

# The Ranking of Indonesian E-Government around The World

# Example application of e- government

## SIKEMAS

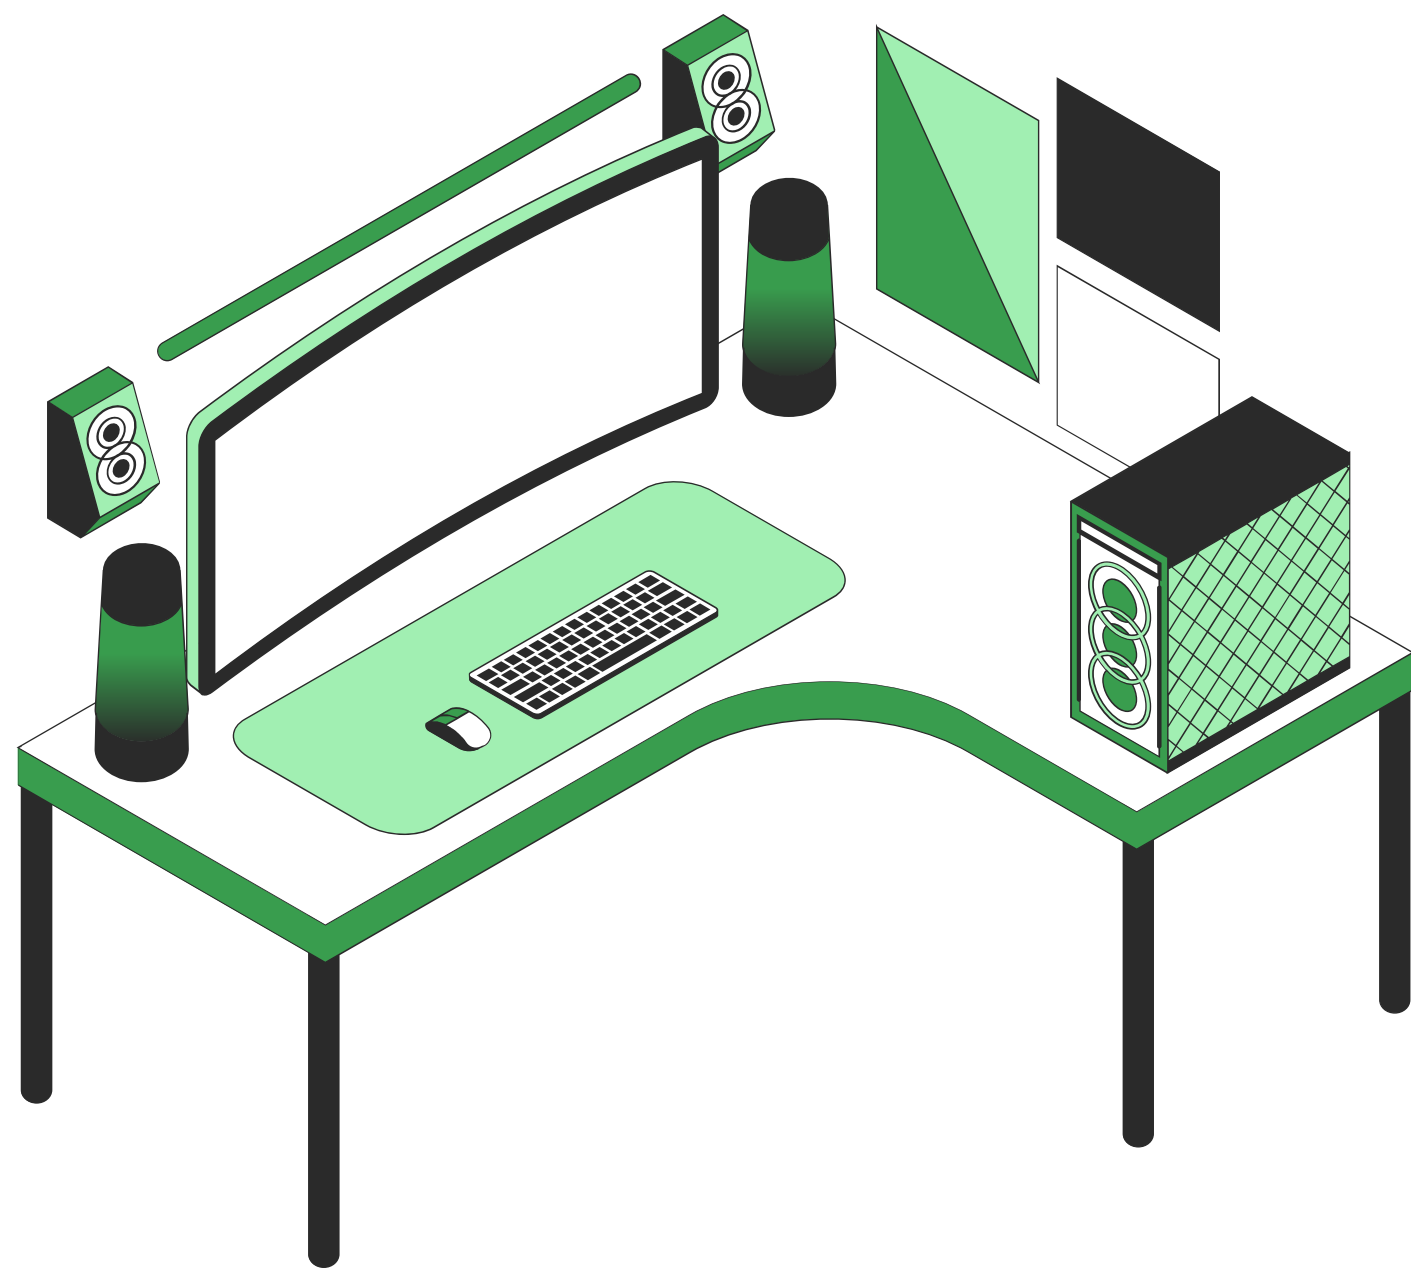

Sistem Informasi Kepuasan  
Masyarakat

## E-court
